# Our Products

Atlantic natural stone cladding products are suitable for multiple locations, both inside and outside including:

- Feature walls
- Exterior facades
- Kitchens
- Bathrooms
- Fireplace surrounds
- Patios
- and much more!

The stone cladding tiles fit together seamlessly with their unique interlocking design ensuring a perfect finish without specialist masonry skills. This makes them quicker and cheaper to install than traditional stone walls - saving you time and money.

Atlantic natural stone cladding products are handpicked for style, durability and quality.

Our range of natural stone quartzites and slate cladding are the perfect addition to add a unique and charming finish to your home and garden.

Whether used inside or on exterior walls our natural stone products will stand out for years to come.
